NOTES:

IMPORTANT AGREEMENTS AND LIMITATIONS

SPECIAL NOTE: THE FOLLOWING IS NOT INCLUDED IN THIS INSPECTION: 1. WATER OR AIR QUALITY 2. PRESENCE OF TOXIC OR CARCINOGENIC MATTER EMITTED FROM THE GROUND, BUILDING MATERIALS, IN WATER OR AIR SUPPLY OR FROM THE OPERATION OF ANY EQUIPMENT 3. ITEMS THAT ARE OBSTRUCTED, INACCESSIBLE OR NOT IN PLAIN VIEW. - The Client is hereby informed that structural and mechanical insurance is available for a nominal fee from insurance companies. Your real estate agent may be able to help you with obtaining structural or mechanical insurance coverage. The client understands that the Comments and Notations made on this report are subjective opinion of the inspector based on observations at the time of inspection. Therefore, the INSPECTOR desires it be clearly understood he offers NO WARRANTY concerning future operation or condition of any item inspected - OR - that all defects of such items were observed at the time of inspection and noted on the report. THEREFORE, the INSPECTOR does not imply that he warrants or guarantees any item regardless whether they were inspected or reported.

1. What We Do:

a. All inspections are performed in accordance with Standards of Practice. The inspection is of conditions which are present and visible at the time of the inspection. All mechanical and electrical equipment, systems, and appliances are operated in normal modes and operating range at the time of the inspection.

b. We shall observe, render an opinion and report which of the parts, components and systems are not functioning at the time of the inspection or are in need of repair and report on visible existing or recognized hazards.

c. If you have questions, we will explain what we saw about the item.

2. What We Do Not Do:

a. We do not make guarantees, warranties, representations, or insure the future performance or condition of any item. If you want a warranty, guarantee, or insurance policy, you must obtain it from a warranty or insurance company. Please remember that almost every item in any pre-owned home is in *used condition* and has ordinary wear and tear, and all houses will change and deteriorate in the future. WE DISCLAIM ALL OTHER WARRANTIES.

b. We do not inspect any item which we cannot see in a normal inspection. For example, we do not move furniture, rugs, carpet, paintings, appliances or other furnishings in performing an inspection. We do not uncover buried pipes or items. We cannot see items covered by wallpaper, flooring or plants. Repairs or remodeling may hide evidence of prior damage or defects. We do suggest that you ask the seller about repairs that are covered up or any previous problems because we DO NOT report on past conditions that appear corrected. We do not inspect for latent defects, therefore, you should obtain a copy of the sellers disclosure statement.

c. We do not inspect for building codes, soil analysis, adequacy of design, capacity, efficiency size, value, floor plain location, pollution, habitability, environmental hazards such as asbestos, UFFI, EMF, lead base paint, etc. Please remember older homes do not meet the same standards as newer homes, even though items in both may perform the function for which they are intended.

d. We do not allow the inspector to change or add to these printed provisions in any way.

e. We do not hold ourselves to be specialists for any particular item or engineers. We are a general real estate improvement inspection company. If we report an item is not performing its intended function, needs repair, or shows evidence of prior damage, we urge you to have that item examined by a specialist before purchasing the house. We do not and cannot give cost estimates to repair any item.

3. What You Must Do:

a. If you have any complaints about our inspection, you must notify us in writing within seven days after you discovered any problem, and allow us to reinspect before changing the condition on the item, except in an emergency.

b. If we report an item is in need of immediate repair, or is not performing its intended function or shows past damage and you intend to purchase the property anyway, you should first have the item re-inspected by a specialist in that field (i.e. foundation - structural engineer//plumbing - plumber).

c. You agree that, to the extent allowed by law, any damages for breach of this contract or report are limited to the amount of the inspection fee only.

d. If you sue on this inspection, but do not prevail, you agree to pay all our reasonable attorney's fees.

e. You represent to us that (1) the inspector has not made any oral representations that are different from, or in addition to, what is written in this report, and (2) you agree to each provision of this report by relying on it any any way, whether or not you sign it.

f. You shall not allow anyone else to use or rely on this report without prior written consent.

THIS REPORT CANNOT AND DOES NOT REPRESENT THE OPERATION OR CONDITION OF ANY ITEM AFTER THE DATE AND TIME OF THIS INSPECTION. ALL WARRANTIES, EXPRESSED OR IMPLIED ARE DISCLAIMED.
